

# First Grade News

Greetings! Spring is finally here! We've had some very nice days. We are enjoying playing outside. Please make sure your child has a jacket or sweatshirt.

Congratulations to our spelling bee winners; Fenixx Menefee, Caden Kuberski, Madyson Stephan, and Ella Williams. You did a great job!!!!

Our Young Author stories were awesome. We are very proud of you. Caitlin Niesman won in Mrs. Lawler's class and Mari Brenner won in Mrs. Werhane's class. Congratulations!

A big thank you to all our parents for helping with the Fun Fair!! It was a big success and we had a lot of fun.

We would like to thank Nurse Deanna for teaching us about our teeth. First graders sure lose a lot of them. Also, we would like to thank Barb Curry for coming to teach us about nutrition. We enjoyed eating many different foods that went along with our food pyramid. We also got to try some foods that were new to us.

We also had special guests from the Home Extension Office here to teach us about the 4 R's (recycle, reuse, reduce, and rebuy). They also taught us about water and how to take care of our supply.

March benchmarks are almost completed. Your child has worked very hard. We will let you know the results soon.

Those silly leprechauns came to school and made a big mess out of our classrooms. We didn't get to catch them and get their gold....maybe next year!

Even though the Book- It program is coming to an end, please continue to read with your child. They are becoming very good readers.

Have a wonderful Spring Break!

Mrs. Werhane
