

Elementary PE News

The school year is off and running and so are all of the students in my classes. We are busy participating in the Presidential Fitness challenge and having fun with our everyday activities. We had a lot of fun with some of the Halloween activities. The favorite activity is always the “haunted tunnel.” Some of you may have heard about it from your children. We take all of the mats in the gym and set them up to make a long tunnel complete with a roof. I play scary music to really set the mood. I am going to let you in on a little secret “the tunnel is not really haunted, but don’t try to convince the students of that.” I am looking forward to the holidays and getting a chance to do more activities that only come around once a year. If you have any questions or concerns feel free to contact me.
